

Equine Behavioural History Form

Dr Hannah Donovan BSc (Hons) BVM&S MVetSci MSc MRCVS

RCVS Advanced Practitioner in Companion Animal Behaviour

Horses Name:

Breed:

Age:

Sex:

Client Name:

Address:

Do you have any other horses? If so, please list and describe sex, age and breed:

How many people care for your horse? Please describe how many, their age and their relationship with the horse in question:

What has been your reason for owning/purchase of this horse? Leisure or Competition?

How long have you owned your horse?

Does your horse have any known previous history of behavioural issues?

Is there any relevant previous veterinary/injury history?

What is your horse's lifestyle like? For example, stabled, kept out, how many in a field?

What is your daily feeding regime? What do you feed? Does this change depending on the season?

If you ride, what tack do you use? Please include anything you may apply for certain disciplines.

When was the most recent equine dentist visit?

When was the most recent back and saddle check?

Is your horse shod? How frequently? How is your horse with your farrier?

What type of headcollar do you use?

In your own words, please describe the main problem(s) in your horse's behaviour:

When was the first incident? Please describe it in detail:

Please describe two more occasions and what you think may have been happening at the time:

1.

2.

What do you think the triggers are for these behavioural issues? Why do you think your horse displays this behaviour?

Have there been previous attempts to rectify the situation? If so, what methods have been used?

Does your horse display any other unwanted behaviours?

What outcome would you ideally achieve from a referral behavioural consultation?

Realistically, how many hours do you feel you spend directly with your horse per week, for example, during play, training, exercising, relaxing together, quality time together?

Has euthanasia been considered for your horse?

The Behavioural Consultation will be conducted on your yard (unless otherwise agreed) and you will then receive a full behavioural report including a Behavioural Modification Programme and follow-up support. Subsequent visits can also be arranged if necessary.

Email: info@donovanvetbehaviour.com

Please note that all consultations are on the basis that a veterinary referral is obtained, access to veterinary records are given and that a copy of the report will be sent to your vet upon completion. This form should be completed by the owner or someone with full permission to provide information and authorities.
